Voice: Confident, modern, transparent. The smartest email in their inbox about Toronto real estate.

Lendrific email is not a newsletter. It is a **signal**.

A short, sharp, data-forward piece that makes the reader smarter about Toronto real estate in under two minutes. No fluff. No "market update" headers that look like every other brokerage. Every email has one idea, one takeaway, one reason to remember Lendrific.

THE LINE

The bar. A smart Toronto buyer reads the email and forwards it to a friend.
That is the only metric that matters.

E M A I L S T R U C T U R E

Six parts. **Every time.**

T H E F O R M A T

- 1 Subject line**
Short. Specific. Curiosity-driven. Never clickbait. Six words maximum.
- 2 Opening line**
One sentence that earns the scroll.
- 3 The insight**
150 to 250 words. One idea, clearly delivered. Data where relevant.
- 4 The Lendrific angle**
How this connects to what Lendrific does differently.
- 5 CTA**
One action. Phone or website. Never both.
- 6 Sign-off**
"Erwin and Aaryon, Lendrific" or individual name when the email is from one founder's perspective.

M O N T H L Y E M A I L C A L E N D A R

October

DATE	SUBJECT LINE	TOPIC

December

DATE	SUBJECT LINE	TOPIC
Dec 1	"2027: where Toronto's market is heading"	Data-led predictions. BoC trajectory, supply pipeline, demand signals. What Lendritic sees in the data.
Dec 15	"A year of Lendritic, and what is next"	Year-end reflection. Clients helped, lessons learned, 2027 plans. Gratitude without sap. Forward-looking.

BOC EMAIL PROTOCOL

Rate decisions get the same-day treatment.

When a BoC announcement falls near a scheduled email date, merge the analysis into that email. When it falls mid-month away from a send date, add a bonus email within 24 hours. Short, data-forward, Lendritic POV. Never more than three emails in any single month.

The cap. Three emails per month maximum. Respect the inbox. Lendritic does not earn the open rate by sending more email. It earns it by being worth opening.

SEGMENTATION • WHEN LIST SUPPORTS IT

Start with one list.
Segment when volume supports it.

SEGMENT	CONTENT VARIATION
Active buyers	Urgency-appropriate. "This is what today's announcement means for your timeline."
Past clients (renewals)	Renewal-focused. "Your renewal window is approaching. Here is what to know."
Investors / multi-property	Investment-focused. Portfolio lens, cash flow impact, lending rule changes.
Prospects (never converted)	Brand-building. "Here is what Lendritic clients get that you are currently missing."

E M A I L V O I C E R U L E S

Like a smart colleague forwarding you something interesting.

Not a company talking at you. Every choice serves that voice.

- **Subject lines.** Six words maximum. Specific. No "Monthly Update" or "Market News."
- **Tone.** Smart colleague. Forwarded-it-because-it-was-interesting energy.
- **Data.** Always Toronto-specific. Neighbourhood names, real price points, actual numbers.
- **Length.** 200 to 300 words maximum. Respect the reader's time.
- **Design.** Clean, minimal. Text-forward. No heavy graphics. Lendrific navy and green brand accent in header only.
- **Never.** #ChoosePremiere or Premiere branding in emails. Ever.

T H E F I L T E R

Before sending, ask:

Would a smart Toronto buyer forward this to a friend?

If no, rewrite it.
