2026 Annual Content Plan

AG Mortgage Team · Andrew Gad

Market: Toronto · **Platforms:** Facebook, Instagram, Google · **Voice:** Authority · premium · white-glove

BUILT ON THE STRATEGY

The annual plan turns AG's five content pillars into a rotation the team can execute consistently across every month of 2026.

Each month follows a four-week rotation: Authority, Process, Partnership, Depth. Bank of Canada announcement weeks add a reactive same-day post. The result is a year of content that compounds. Every month builds on the last, every audience touchpoint reinforces the AG positioning.

ANNUAL ROTATION — THE FOUR-WEEK MODEL

The same rotation runs every month. The audience learns the rhythm. Authority leads, process backs it up, partnership content keeps the referral pipeline warm, and depth posts close out the month with the team or a specific buyer segment.

WEEK 1 Market / BoC Commentary Authority What's happening in Toronto's premium market.	WEEK 2 White-Glove Process Transparency Trust How AG handles complexity behind the scenes.	WEEK 3 Referral Partner Content Partnership Why agents and advisors refer to AG.	WEEK 4 Team or Buyer Segment Depth The people behind the file, or the segment of focus.

Jul 1	Canada Day	LIGHT Brief warm post, team appreciation angle
Aug 3	Civic Holiday (ON)	SKIP OR LIGHT Optional

Sep 30	Truth & Reconciliation Day	RESPECTFUL Acknowledgment, no branded content
Oct 12	Thanksgiving	PERSONAL Gratitude post for team and clients
Nov 11	Remembrance Day	RESPECTFUL Acknowledgment
Dec 25	Christmas	PERSONAL Holiday message signed "— Andrew"

AG'S HOLIDAY RULE

Hard skip on anything that feels forced. *Better to be silent than off-brand.* The premium positioning depends on knowing when to step back as much as when to lean in.

PLATFORM & HASHTAG PROTOCOL

Three platforms, three different hashtag strategies. Each platform's audience and algorithm rewards different approaches, and AG's standard reflects that.

FACEBOOK

Long-form · referral reach

#AGMortgage
#ChoosePremiere
#TorontoMortgage
+ 1 topic-specific

Restraint signals authority on Facebook.

INSTAGRAM

Premium aesthetic · carousels

#AGMortgage
#ChoosePremiere
#TorontoMortgage
#TorontoRealEstate
#MortgageBroker #GTA
+ topic-specific mix

Wider tag mix to reach across feeds.

GOOGLE

SEO · local intent

No hashtags

*Google rewards keywords, not tags.
Copy carries the SEO weight.*

WHAT THIS PLAN AVOIDS

The decisions about what not to post are as important as the plan itself. These are the patterns that would erode the premium positioning.

OFF-BRAND FOR AG

- First-time buyer content or first-time home buyer program explanations
- Generic rate comparison graphics
- Informal tone, emoji-heavy captions, or casual language
- "Best rate" or discount framing of any kind
- Content that could belong to any broker in any market
- Multiple CTAs in a single post

2026 PLAN

A year of content that compounds.

Same rotation. Same standard. Every month builds on the last.
