

Prepared by Stay Social Marketing

2026 Email Campaign Strategy

AG Mortgage Team · Andrew Gad

Service: Social + Email · **Voice:** Authority · premium · personal from Andrew

EMAIL PHILOSOPHY

AG's emails are *not newsletters*. They are communications from a trusted advisor.

Every email should feel like Andrew sat down to write it personally, because the information matters and the recipient deserves to hear it from someone who understands their situation.

No mass-market tone. No promotional urgency. No "limited time" language.

CAMPAIGN TYPES

Three distinct campaign types, each with a defined purpose and audience. Seasonal emails coordinate with the social calendar. BoC emails react to rate decisions. Database emails are triggered by client data, not the calendar.

CAMPAIGN TYPE 01

Seasonal Strategy Emails

Aligned with the social content calendar. Social plants the question; the email delivers the depth.

MONTH	THEME	SOCIAL PLANTS THE QUESTION	EMAIL DELIVERS THE ANSWER
JANUARY	Renewal Season	Social teases renewal timing and strategy	Personalized renewal audit invite — "Your renewal window is approaching. Here's what we'd review before you sign."
MARCH	Spring Market Prep	Social positions AG ahead of the spring rush	Move-up buyer strategy guide — "If you're considering an upgrade this spring, here's how the financing works before you list."
SEPTEMBER	Fall Market + Q4	Social reads as market pulse	Investor strategy piece — "Q4 planning for Toronto property investors. What to consider before year-end."

FORMAT Personal from Andrew. Subject line direct, never clickbait. One clear CTA.

CAMPAIGN TYPE 02

Bank of Canada Rate Decision Emails

Sent within 24 hours of each BoC announcement. Deeper analysis than the social post — the email version for AG's engaged clients and referral partners. Not a summary of the announcement, but AG's specific interpretation for their client profile.

DATE	EMAIL ANGLE
Jun 10	What today's decision means for high-value Toronto mortgages — variable/fixed strategy
Jul 15	Monetary Policy Report context — what the Bank sees for H2 and how to position
Sep 2	Fall market rate environment — what buyers and investors should do now
Oct 28	MPR + year-end — what the Bank's outlook means for 2027 planning
Dec 9	Year-end rate decision — 2026 in review, what to prepare for in 2027

FORMAT Timely, concise, authoritative. AG's specific interpretation, not a summary of the news.

CAMPAIGN TYPE 03

Database Mining Campaigns

Triggered by client data, not scheduled on a calendar. Each campaign targets a specific segment of AG's existing client book based on mortgage data and life stage. Adapted to fit AG's premium positioning — these are not blast emails. They are precise outreach to the right client at the right time.

A MATURITY-TRIGGERED · 13 MONTHS
Early Renewal

TRIGGER Client's mortgage matures in 13 months

SUBJECT *"Your renewal window opens in 13 months. Most people wait until 4 months out — by then, your options narrow. Here's why we start the conversation now."*

ANGLE AG's proactive approach. Review current rate vs market, explore options before the lender's renewal letter arrives.

CTA Book a renewal strategy call with Andrew

B MATURITY-TRIGGERED · 6 MONTHS
Renewal Review

TRIGGER Client's mortgage matures in 6 months

SUBJECT *"Six months to maturity. If we haven't spoken about your renewal yet, this is the call to make."*

ANGLE Urgency without pressure. What AG reviews at this stage: rate environment, penalty analysis, switch vs stay.

CTA Schedule a renewal review

C**EQUITY-TRIGGERED****Capital Extraction for Investors**

TRIGGER Client has investment property with significant equity built up

SUBJECT *"You've built equity in your investment property. Here are three things you can do with it."*

ANGLE Refi to extract capital for next purchase, portfolio restructuring, tax-efficient equity access.

CTA "Let's review your portfolio. Book a call."

D**PROFILE-TRIGGERED****Bridge Financing for Move-Up Buyers**

TRIGGER Client purchased 3+ years ago in the \$800K–\$1.2M range (likely ready to move up)

SUBJECT *"When you're ready to upgrade, you don't have to sell first. Here's how bridge financing works."*

ANGLE AG has structured dozens of these. The process, the timeline, the confidence.

CTA "Thinking about your next home? Start with a strategy conversation."

E**RATE-TYPE-TRIGGERED****Variable Rate Strategy Review**

TRIGGER Client is on a variable rate mortgage

SUBJECT *"Variable rates have shifted. Here's what that means for your payment, and whether it's time to lock in."*

ANGLE Not fear-based. AG's analysis of the current spread, break-even calculation, when locking makes sense vs staying variable.

CTA "Let's review your rate strategy."

F

DEBT-TRIGGERED

HELOC Consolidation

TRIGGER Client has a HELOC with a significant drawn balance

SUBJECT *"If your HELOC balance has grown, you're not alone. But there's a smarter structure available."*

ANGLE Refi HELOC into lower mortgage costs. Interest savings calculation. Improved cash flow.

CTA "Let's look at the numbers. Book a review."

G

RE-ENGAGEMENT

Past Consolidators

TRIGGER Client who previously did a debt consolidation refi (2+ years ago)

SUBJECT *"We helped you consolidate once. If things have shifted again, let's talk before it compounds."*

ANGLE Compassionate, no judgment. Bad habits recur, and AG is here to solve, not lecture.

CTA "Confidential review, no obligation."

H

PORTFOLIO-TRIGGERED

Mismatched Maturity Dates

TRIGGER Client has multiple properties with different maturity dates

SUBJECT *"Your properties mature at different times. That puts you at the mercy of timing. There's a better way."*

ANGLE Align maturity dates to give client negotiating leverage and portfolio control.

CTA "Let's align your portfolio. Call Andrew."

TERM-TRIGGERED

Fixed Rate Arbitrage

TRIGGER Client originally took a term longer than 5 years

SUBJECT "Your original term was longer than 5 years. Current rates may create an arbitrage opportunity worth exploring."

ANGLE Penalty analysis vs rate savings calculation. AG runs the math, client decides.

CTA "We'll run the numbers. Book a 15-minute review."

EMAIL DESIGN STANDARDS

Every email follows the same standards. Voice, format, and visual brand are consistent across every send — recipients should recognize an AG email by feel before they read the sender line.

FROM	Andrew Gad, AG Mortgage Team
SUBJECT LINES	Direct and specific. "Your renewal window opens in 13 months" not "March Mortgage Update."
BODY	Short paragraphs. Use checkmarks if listing — never raw bullet points.
TONE	Measured, premium, personal. A letter from a trusted advisor.
CTA	One per email. Phone or booking link. Never "click here."
FOOTER	AG Mortgage Team · Premiere Mortgage Centre · 416-454-4783 · agmortgageteam.ca
DESIGN	Clean, premium HTML template. AG brand colours (deep dark teal + warm muted gold). No stock photos.

ANNUAL EMAIL CALENDAR

Seasonal and BoC emails fall on specific dates. Database campaigns run continuously, triggered by client data. The table below shows which campaigns are active each month — database campaigns A and B (maturity-triggered) run every month; others rotate to avoid overlap and maintain the premium feel.

Month	Seasonal Email	BoC Email	Database Campaigns Active
January	✓ Renewal Season	—	A, B
February	—	—	A, B, E
March	✓ Spring Market Prep	—	A, B, D
April	—	—	A, B, E, F
May	—	—	A, B, C
June	—	✓ Jun 10	A, B, D
July	—	✓ Jul 15	A, B, E, I
August	—	—	A, B, C, F
September	✓ Fall Market + Q4	✓ Sep 2	A, B, G
October	—	✓ Oct 28	A, B, H
November	—	—	A, B, E, I
December	—	✓ Dec 9	A, B

HOW THE CALENDAR WORKS

Campaigns A and B (maturity-triggered) run every month — they fire whenever a client hits the 13-month or 6-month window. *The other database campaigns rotate* through the year to keep AG's outreach varied and to avoid overlap with the seasonal sends.

WHAT AG EMAILS NEVER DO

The discipline of what to exclude defines the premium feel. Every restriction below protects the trust that makes the email list work.

OFF-BRAND FOR AG

- Mass-blast "newsletter" format with multiple unrelated topics
- Promotional urgency ("limited time," "act now," "don't miss out")

- Generic mortgage tips that any broker would send
- Rate comparison tables without AG's specific interpretation
- First-time buyer content — AG's list is sophisticated clients and referral partners
- Multiple CTAs — one email, one action

2026 EMAIL STRATEGY

Not newsletters. Communications from a trusted advisor.

Measured. Premium. Personal from Andrew.
